

## What Number Am I?

*You need:* a 100s chart

*Directions:*

Read the clues to find the mystery number:

1. I have exactly two digits.
2. The digits are different.
3. I am an even number.
4. You say the number when you count by tens, starting with ten.
5. I am greater than 50.
6. I am less than 80.
7. A quarter and a nickel combined is exactly half of me.
